

**Progetto VOCE cultural association**  
**With “Bancarella” Literary Award and Municipality of Pontremoli**  
**Presents:**  
**Master Class for Opera Singers**

The master class will take place in the historical theatre della Rosa in Pontremoli and the students will perform in the important final performance that it will take place in Piazza della Repubblica in Pontremoli at the presence of the most important institutional personalities and authorities.

Every student will have every day one technical lesson composed by 2 parts: first to heat the voice with special speech therapy exercises and vocalizzi, and then with a special technical time.

The teachers would ask to some singers to coordinate with others students to assemble pieces d'assieme and also to encourage integration both personal and musical.

During the master class the students will have an important “prova di sala” with the conductor that will conduct the final performance.

The course will be made by the famous Progetto VOCE school teachers, Chiara Angella(Soprano) and Silvio Zanon(Baritono) that are now singing in all the most important theatres in the world and so that know very well the contemporary music scene and the requests of Opera theatre: so the course will be built with specific technical objectives but also with the perfect idea of the contemporary scene and so to connect in the best way to the “market demand”.

On inscription the student has to write 3 romanzas ( better from the grande repertorio) that would like to work in the master class and in which it will be selected the one ( or 2 ) to perform in the “grande concerto finale”.

The payment has to be done with the inscription until 1th july.

The payment has to be done by bank transfer that has to be confirmed by sending the receipt by mail to [progettovoce2009@libero.it](mailto:progettovoce2009@libero.it) writing as causale “contributo per Master class”
